SUBJECT: PORTUGAL'S EXPORT CREDIT AGENCY: NO EXPOSURE IN
IRAN

REF: STATE 4760

¶1. (SBU) Ministry of Finance Coordinator Teresa Costa told post that Portugal's Export Credit Agency, COSEC, did not have any exposure in Iran, according to September 2006 records. Costa did note that Iran is open for both short and mid/long term export credit insurance, the former requiring an irrevocable letter of credit or bank guarantee and the latter a sovereign guarantee. COSEC mostly extends coverage to operations in Angola, Mozambique and Cape Verde.

¶2. (SBU) The State's Financial Guarantees Council (FGC) sets the guidelines by which COSEC extends export credit insurance, bond insurance and project financing. The government is in the process of reconfiguring the FGC to include a member from the Ministry of Foreign Affairs in addition to current representatives from Finance, Commerce and Banking. Foreign Minister Amado has been outspoken in publicly calling for sanctions against Iran, and Costa did not believe there was much, if any, interest in Portugal in doing business with Iran. She promised to pass reftel points on to the FGC.
